## Solutions We Provide

---

### Rental Services

### Tubular Running Services

### Remedial Solutions

### Repair & Manufacturing

### Inspection & Hardbanding

With Knight Energy Services, there are no roadblocks. *Only solutions.*

For more than 50 years, Knight Energy Services has specialized in serving the oil and gas industry by providing the highest quality oilfield equipment, consultation, and solutions to our clients throughout their project.

People are the difference when providing solutions. Their *experience*, their *expertise*, their *ingenuity*, and their *communication*. Those characteristics allow some people to find solutions where others only see roadblocks.

Knight Energy Services is committed to finding your solution.

---

## Committed to Quality

---

The Knight Energy Services pledge: We promise to ensure excellence through safety and quality; integrity through trust and values; and leadership through accountability.

## RENTAL AND SERVICE COMPANY

Knight Energy Services is one of the largest independent rental tool companies serving the oil and gas industry in North America.

Knight Energy Services is dedicated to providing the highest-quality, zero-failure equipment and solutions to the oil and gas industry. We combine that dedication with on time delivery and superior service to assure our customers' needs are met on every job. Our quality programs and continuous training, make our employees' the best in the industry.

Through the 2019 merger of two long-time industry leaders, Knight Oil Tools and IronGate Energy Services, our robust portfolio of companies and service lines allows us to provide quick, educated, and reliable solutions to the oil & gas industry.

We are committed to our core principles.

Our vision statement reads: "We promise to ensure excellence through safety and quality; integrity through trust and values; and leadership through accountability, innovation and technology for our employees, customers, products and services."

Over our Company's 50+ years of industry experience and product knowledge, we developed our unique Quality Management System (QMS). The QMS ensures every tool is inspected and tested to the highest industry standards and conform to all specifications and requirements set forth by API, DS-1, our customers, and our own Knight Energy Services Quality Specifications.

Knight Energy Services is a sponsor, reviewer, and contributor to TH Hill Standard DS-1.
